### ***III- PRESENTATION OF THE PLATEFORM***

## FRONT VIEW

- ✚ Fill in the spaces of the form fields on the right and validate by clicking on **Sign me up !**
- ✚ The server automatically generates a password via the phone's channel.
- ✚ Fill in the left part of the form by inserting the telephone number on the login field space and the password generated on the space indicated.

## Home page

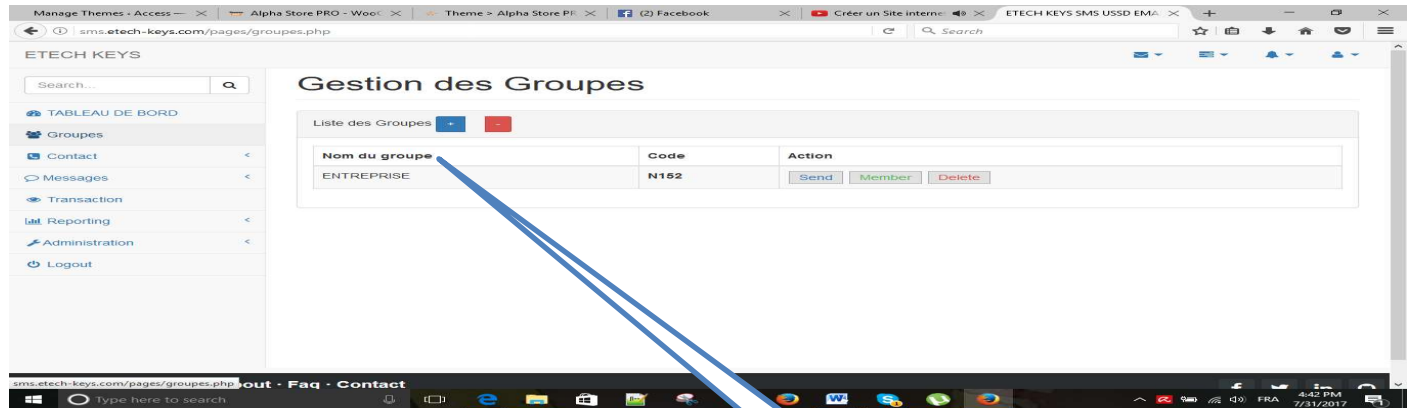

## IV- HOW TO SEND SMS?

## SINGLE SENDING

## ❖ BULK SENDING OF SMS

First of all create a contact group, which is done in two ways:

A- Create a contact group in the platform

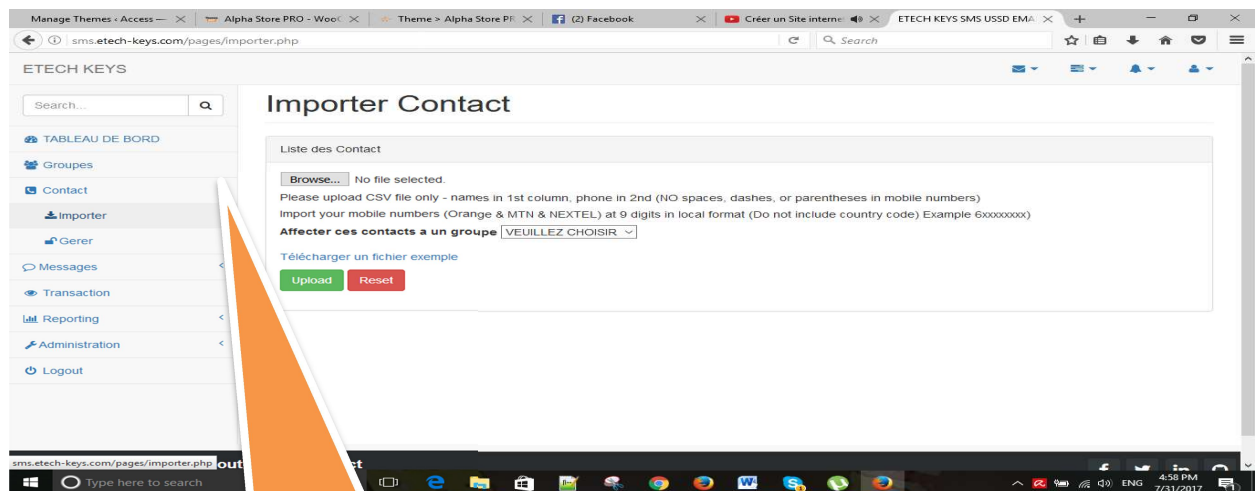

Create a group

✚ Insert the group name.

✚ The server automatically generates code for this group.

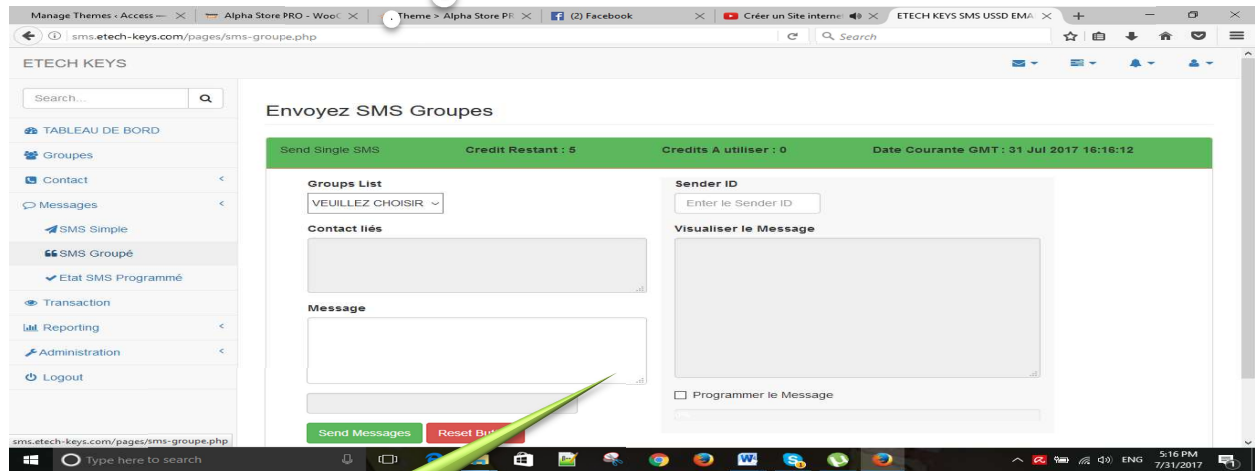

✚ Validate the action to be taken.

B/ Import your contacts into the CSV file platform

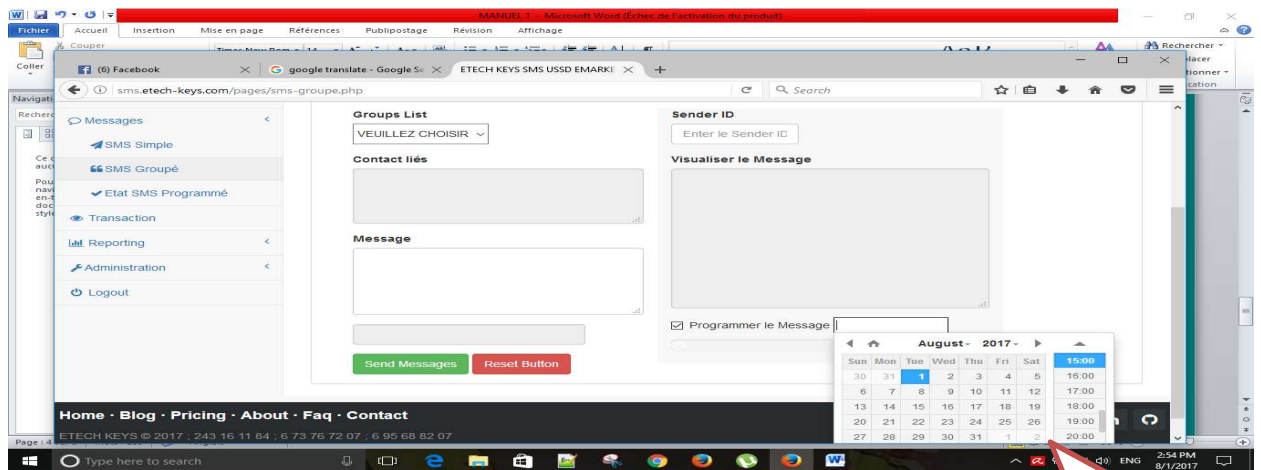

They are imported from the database to administer them in the group

# BULK SENDING OF SMS

Write the message
